Dockside Filet Tables

These tables are an attractive and functional addition to any dock! The Deep Blue Marine Products premium quality filet tables have all of the options you want. These heavy duty 3/4" marine-grade polymer filet tables feature TIG welded anodized aluminum legs with bolt down flanges for a stable and secure installation. They are designed to drain through the slots in the back splash and corners and overhang the dock for overboard drainage. Clean up is easy, the surface will not absorb fish odor or mildew and resists chemicals such as bleach. Made of FDA approved U.V. stabilized high density polyethylene, the surface will not rot or crack and is maintenance free meaning your table is designed to withstand the marine environment. All FT and OH series tables feature a side station with Accusharp knife sharpener, knife holder, pliers slots, hose holder, umbrella mounting hole, and recessed drink holder! the 72" has two side stations. All stainless steel hardware is included. hose not included but is optional.

Standard sizes: 38", 48", 72" x 21" wide.
Custom sizes are available.
