

HR-48

PR-4

- HR24 - 22" long Holds 6 Rods
- HR48 - 46" long Holds 8 Rods
- C48 - 46" long Holds 8 Rods

The HR24 and HR48 wall mount rod racks are the ideal way to store and display your rods on your wall. The HR24 uses 4" spacing and the HR48 has 6" spacing. No room on the wall? The C48 is an overhead version of the HR48 and mounts to the ceiling. 100% marine-grade polymer construction. Mounting hardware included. Lifetime warranty

PolyTube Rod Holders In 5 Sizes

Select from single tube with standoff, 2,3,4,5, or 6 tube racks. 4" centers permit maximum storage in minimal space. Use in boat or home and include all stainless steel mounting hardware

CODE	LENGTH
RH-2	9"
RH-3	12"
RH-4	15"
RH-5	19"
RH-6	23"

FS-18

This attractive rod rack is as beautiful in the house as it is at the dock, constructed of 100% marine-grade polymer and features Starboard ColorCore sides. This material is not only attractive but is fully engrave able. The FS18 holds up to 18 rods and is waterproof so you can wash down your tackle in the rack.

This 100% marine-grade polymer rod rack is designed to hold all of your spinning, bait casting, and trolling rods and reels! Unlike conventional rod racks, the V-12 permits reels to be rotated for more compact storage. The small footprint uses minimal floor space and is easily moved inside or out with the built in carrying handle. The waterproof design is ideal for wash down of tackle after use. An attractive addition to any home or dock.
