

*This is the perfect place to mount one of the most popular fishing accessories today (The fish landing tool). Designed to store with the handle up to prevent saltwater intrusion, it also allows room for a lanyard for easy in-out use. Fits all popular fish landing and weighing tools. Complete with suction cups, and mounting instructions.*

**BB-1**

*\*Tackle and Tools Not Included*

**BB-1B**

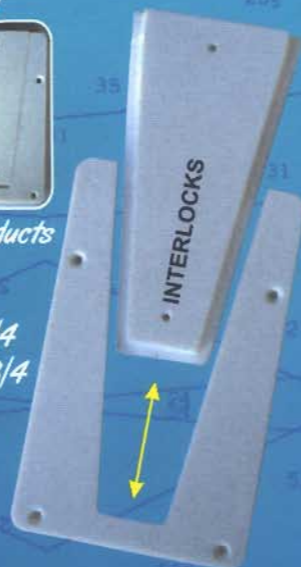

**2 Sizes**

*Interchange Products*

*EH-1 6 x 3 3/4*

*EH-2 3 x 3 3/4*

**3 MOUNTING OPTIONS**

*Easily remove and replace any small product with this versatile bracket. Simply screw the "V" receiver bracket to the mounting surface then attach the corresponding part to the product, parts interlock. Use with most screw mounted products. Available in 2 sizes, mounting hardware included.*

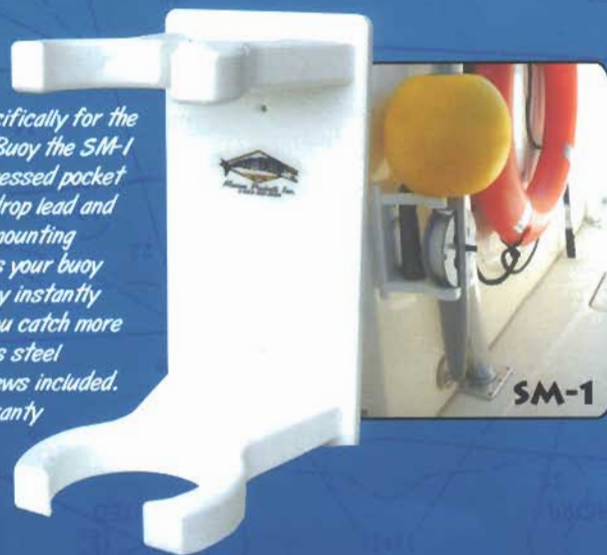

- No Holes To Drill
- Keeps Your Bait In The Water
- Stick To Any Smooth Surface

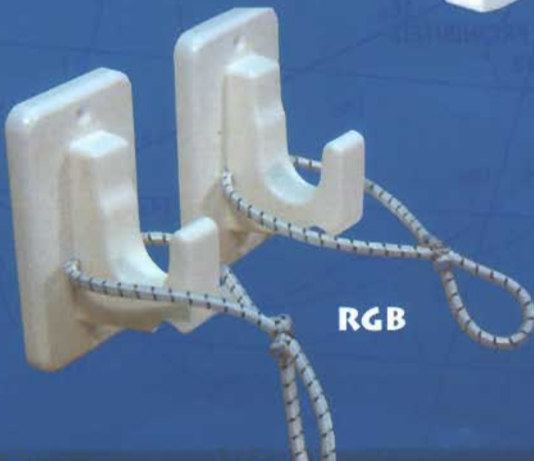

**QC-1W**

*Now you can mount a flat line clip almost anywhere with this suction cup mounted release clip. Three large suction cups hold the adjustable Black's Marine release clip to your boat to reduce the angle of your line entering the water. This keeps your live or artificial bait in the strike zone. Lifetime warranty*

*Designed specifically for the Suremarker Buoy the SM-1 provides a recessed pocket for the 4 LB drop lead and marker. This mounting bracket makes your buoy ready to deploy instantly which helps you catch more fish. Stainless steel mounting screws included. Lifetime warranty*

**SM-1**

**RGB**

*The RGB is a popular accessory that has many uses. Ideal for holding a fishing rod, deck brush, net, gaff, etc. Mount horizontally anywhere you need extra storage space. Includes stainless steel mounting screws. Sold in pairs.*

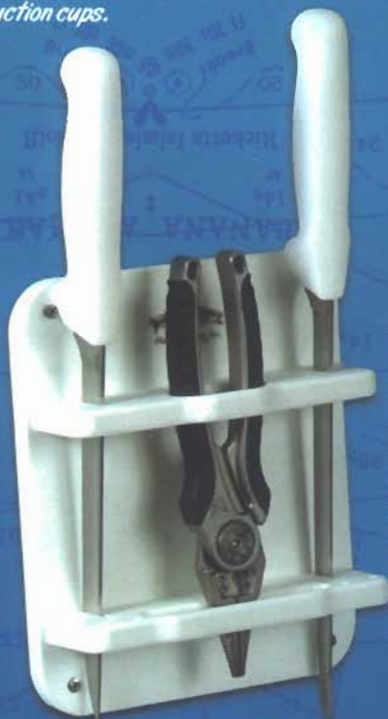

**LR-18**

*This tough one piece acrylic lure rack incorporates two (2) knife slots and 54 holes for hooks, lures, and rigs. Perfect for easy access of tackle and hose down. The LR-18 is designed with a 2" x 6" tab on back for added strength and rigidity. Mounts with four (4) large suction cups.*

**LR-10**

*A smaller version of the LR-18, the LR-10 is constructed of the same heavy duty U.V. stable acrylic and includes 35 holes for your tackle. Mounts with two (2) large suction cups.*

**KPH-100**

*KPH-100  
Holds two (2) knives, pliers, and up to twenty (20) hooks, lures, and rigs. 100% marine-grade polymer construction. Mounts with four (4) stainless steel screws (included).*

**KPH**

*This fisherman's storage solution holds your most used tools, two (2) knives in covered slots, pliers, and as many as twenty (20) hooks, lures, and rigs in nine (9) pre-drilled holes and slot on bottom. 100% marine-grade polymer construction. Suction cups makes it easily movable and no holes to drill.*

**KPH**

**GP-2,3,4**

*Gaff mounting brackets provide a safe place to mount your gaff. Will hold 2", 3", or 4" hooks horizontally or vertically and includes a handle support with elastic cord. Includes stainless steel screws. Lifetime warranty*

**PADDED BOTTOM**

**BL-2**

*Binocular/Storage box has divided space for large and small items. Closed cell foam lines the bottom to keep your valuables safe. Lifetime warranty*
